## Our Philosophy

We Care Children's Ministries provides a warm, loving Christian environment for each child. We provide a place where a child can continue to develop a positive self-image through quality education programs while still enjoying the laughter & fun of childhood. All areas of a child's development are important. We Care is committed to providing age-appropriate activities for all ages. We Care complies with all the health & safety regulations required by the State of Missouri.

We Care promotes the use of Conscious Discipline, a classroom management program by Dr. Becky Bailey.

### Conscious Discipline:

- Empowers teachers and children
- Transforms conflict into teachable moments
- Builds cooperation, willingness and responsibility
- Creates a School Family to build a sense of community, connectedness and safety
- Encourages connections between families and school
- Creates a positive school climate
